

ADVICE ABOUT REPORTING

- **Report even if:**

- You're not certain the product caused adverse reaction
- you don't have all the details

Confidentiality: The patient's identity is held in strict confidence and protected to the fullest extent. Company shall not disclose the reporter's identity in response to a request from the public.

Submission of a report does not constitute an admission that medical personnel or manufacturer or the product caused or contributed to the reaction.

- **Who can report:**

- Any health care professional (Doctors, Dentists, Nurses, Pharmacists, etc)
- Non healthcare professional (Patient, relative, friend, etc)

Did you know?

Adverse drug reactions are the 4th - 6th leading causes of death

Your **5** minutes could help in ensuring Safer Medicines

What happens to the submitted information?

The information generated on the basis of these reports helps in continuous assessment of the benefit-risk ratio of medicines.
